

JLM Petrol Fuel System Cleaner Performance

250ml

Deep-cleaning with improved vehicle performance

JLM Petrol Fuel System Cleaner Performance is formulated for vehicles experiencing power loss, sluggish throttle response, increased fuel consumption, or mild smoke. Building on J03135, this version delivers deeper and more intense cleaning for noticeable performance restoration.

It contains extra-strength detergents and combustion improvers to break down hardened gum and varnish deposits, fully clean the system, and enhance acceleration, responsiveness, and efficiency. Perfect for high-mileage vehicles or commercial use (e.g. taxis, commercial vans).

Benefits

- Powerful cleaning across the entire fuel system
- Maximises engine power and throttle response
- Significantly improves fuel economy
- Dissolves stubborn gums and varnish deposits

Recommended for:

Cars with drivability issues or fuel economy complaints

Usage

Suitable for all petrol engines

How To Use

Pour the contents of the bottle into the tank before refueling Dosage: One bottle is enough for 40 – 60 liters of Petrol . For best results, use one bottle every 5000 kilometers.
